Upside: Lots of information and a very informal tone. Thanks to Amy for the correction at Unfortunately, that's something I will never learn. The comics take place in the same fictional universe as the television show, in the land of Equestria which is populated primarily by ponies including unicorns and pegasialong with numerous other sentient and non-sentient creatures.

a consequence, Nawanagar's revenue more than doubled between and He acquired many properties in India, and while retaining his property in Staines in England, bought a castle in Ballynahinch on the west coast of Ireland. With these three projects and reforms, the problem of unemployment would automatically disappear and the task of improving public health and fighting against disease would become much less difficult.
